Hello –

Sawyer County has approved the attached Resolution on Enhance Wage Regulations in regards to proposed wakeboarding and wakesurfing legislation that was being discussed and has recently been introduced. There is a set of bills (AB 656/SB 680) that have been assigned to legislative committees that are proposing to establish statewide standards for wakesurfing and wakeboarding.

This legislation is concerning to Sawyer County, as a one-size fits all approach. In addition, a number of Sawyer County towns have already adopted wakesurfing/wakeboarding ordinances with more restrictive regulations. As proposed the legislation would not allow a local government to adopt more restrictive regulations than what the legislation establishes.

We are circulating our Resolution to other Counties, local governments, State Legislators, and the Governor and requesting that there can be meaningful discussions to pass standards that balance the right of everyone to recreate on the waters of the State of Wisconsin, and local governments retain control to set their own standards for wakeboarding and wakesurfing.

We encourage other legislative bodies to consider adopting similar resolutions and communicate those expectations to the State Legislature.

Sincerely,

Andy Albarado
County Administrator

RESOLUTION ON ENHANCED WAKE REGULATIONS

WHEREAS: the lakes of Sawyer County, Wisconsin are integral to the recreational base of the economy in Sawyer County.

AND WHEREAS: Legislation has been proposed to regulate wakesurfing and wakeboarding,

AND WHEREAS: the legislation as currently written fails to set minimum standards for the protection of private property, public safety and enjoyment, and aquatic environments,

AND WHEREAS: several towns in Sawyer County have already set standards that use evidence from aquatic and engineering studies which protect shorelines of lakes in Sawyer County from erosion by these enhanced wakes,

AND WHEREAS: the legislation fails to include a standard related to wake depth that would protect water quality in lakes from scouring by enhanced wakes,

AND WHEREAS: The legislation repeats standards already in place in other statutes,

THEREFORE, be it resolved that the Sawyer County Board of Supervisors does recommend that the Wisconsin Legislature engage in meaningful discussions to pass standards that balance the right of everyone to recreate on waters of the State of Wisconsin, by affirming that;

Wisconsin's local governments deserve local control to set their own standards beyond state minimums, of at least 700 feet from the shore, and to prohibit enhanced wake creation in waters shallower than at least 30 feet in depth.

Recommended for adoption by the Sawyer County Board of Supervisors at its meeting on November 14, 2023, by the Land, Water and Forest Resources Committee at their November 8, 2023 meeting.

1 SHEBOYGAN COUNTY RESOLUTION NO. 20 (2023/24)

2
3 Re: **Establishing a Non-Lapsing Account for Water Quality Improvement**
4 **Projects for Monsanto Settlement Funds**
5

6
7 **WHEREAS**, a number of communities across the country filed a class action lawsuit
8 against Monsanto Company, Solutia Inc., and Pharmacia LLC (“Monsanto”) in the United States
9 District Court of the Central District of California; and
10

11 **WHEREAS**, these communities claimed the defendants produced a class of
12 polychlorinated biphenyls (PCBs) between 1930 and 1977 that led to environmental
13 contamination; and
14

15 **WHEREAS**, Monsanto and the litigating plaintiffs agreed to a settlement in the amount of
16 \$550,000,000.00, representing four (4) different allocations of settlement dollars that vary based
17 on the amount of damage sustained from Monsanto PCBs, with each fund having a specific
18 formula for calculation of payments: (1) the Monitoring Fund, which intends to pay for PCB
19 sampling and/or other mitigation efforts; (2) the TMDL (Total Maximum Daily Load) Fund, which
20 intends to compensate plaintiffs for restitution and remediation efforts, including mitigation of
21 contaminated property, stormwater and/or stormwater systems; (3) the Sediment Site Fund,
22 which intends to compensate plaintiffs for specific sites that have sedimentary contamination
23 from PCBs; and (4) Special Needs Funds, which are broken down for various litigation costs of
24 the plaintiffs that initiated the lawsuit and other litigation costs (the “Settlement”); and
25

26 **WHEREAS**, Sheboygan County received a payment from the Settlement in the amount
27 of \$932,404 on April 17, 2023 from the TMDL Fund; and
28

29 **WHEREAS**, the TMDL Fund is intended to promote remediation efforts and maintain
30 compliance with the TMDL, which is the calculation of the maximum amount of pollutants that
31 an impaired waterbody can receive on a daily basis and still meet water quality standards; and
32

33 **WHEREAS**, the Sheboygan County Planning & Conservation Department (the
34 “Department”) expects continued remediation and mitigation efforts will be necessary for the
35 foreseeable future in order to meet water quality standards within Sheboygan County; and
36

37 **WHEREAS**, with the support of the County Administrator and County Finance Director,
38 the Department has recommended establishing an endowment-type fund (the “Fund”) for at
39 least fifty years with the goal to extend the availability of the Settlement and to create a
40 sustainable funding source for water quality projects targeting TMDL implementation strategies;
41 and
42

43 **WHEREAS**, the Fund would function like other endowment-type funds where the interest
44 earned on the principal could be utilized on a yearly basis, but the principal would remain; and
45

46 **WHEREAS**, any interest earned and not spent in a given year would then non-lapse and
47 be available again in future years; and
48

49 **WHEREAS**, the availability of funds would be in arrears therefore making 2025 the first
50 potential distribution; and

51
52 **WHEREAS**, the Fund will leverage and augment other water quality improvement
53 programs the County may have available and/or established; and

54
55 **WHEREAS**, the Department will provide a report to the Sheboygan County Board of
56 Supervisors on at least a semi-annual basis (odd years) of the projects targeted with the Fund.

57
58 **NOW, THEREFORE BE IT RESOLVED**, the Sheboygan County Board of Supervisors
59 approves the establishment of the Fund and directs the Finance Department to set up the Fund
60 as set forth in this Resolution in a fashion that earns the maximum amount of interest allowed by
61 law and authorizes the County Administrator to direct changes to the Fund setup as necessary
62 to meet the goals stated herein.

63
64 **BE IT FURTHER RESOLVED**, the Planning, Resources, Agriculture, and Extension
65 Committee is authorized to review and approve expenditures from the Fund, consistent with the
66 terms of this Resolution, for TMDL projects as proposed by the Department.
